BLUTHELDEN EUROPEAN CHAMPIONSHIP 2026

THREE DAYS OF LEROS IN COLOGNE • NOVEMBER 20-22, 2026

PRIZE POOL 5000 EUR

THE FUTURE OF LEROS

The results and decisions of the European Championship will influence the official history of Bluthelden. The winners can decide the future of other rulers, alter alliances, and shape the further course of Leros. The best teams will also receive a special opportunity: a magical chest awaits them. Its contents will remain a secret until the event. Furthermore, other participants will have opportunities to influence the story throughout the weekend.

EVEN THE BEST TEAMS IN THE EUROPEAN CHAMPIONSHIP WILL RECEIVE A VERY SPECIAL OPPORTUNITY:

A magical chest awaits them.

We will not yet reveal what is inside or what decisions are associated with it.

Just this much:

Those who are allowed to open them will massively influence the fate of Leros.

And even if you don't make it to the final rounds, your influence doesn't end.

All other participants will also have opportunities during the weekend to actively influence the course of Leros' story.

It's not just about who wins the title on Sunday.

Every participant can become part of the story.

Perhaps your choice will determine which ruler rises, who falls, which alliances are formed – and what dangers await Leros in the future.

What happens this weekend will become part of the official Bluthelden story.
